

## BROADWAY SOON TO HAVE MANY STEPLESS CARS

Big Order for Them Placed by Interborough, Vice-President Hedley Says.

Broadway will be equipped entirely with the new stepleless hubble skirt cars, and 150 of them are ordered already, according to Vice-President Frank Hedley of the Interborough.

The stepleless car is largely Mr. Hedley's idea, and since its installation last spring he has watched closely the way the public took to it. The reception was kind from the beginning, the only question being when more were to be put in operation. To-day an application is in the hands of the Public Service Commission for permission to issue bonds amounting to \$2,000,000 for the purpose of improving the equipment of the New York railways. Of this amount \$1,000,000 will go to purchase the cars.

Mr. Hedley says of the double deck car now receiving its try-out that a big order for more such cars will go out from the offices of the New York Railways Company if the first are well received.

"The stepleless car was a success from the beginning," said Mr. Hedley. "It was only a question of looking for minor defects that might show in operation and result in improvements. The 150 cars ordered are exactly like the try-out car. The idea now is to concentrate those cars on Broadway for the purpose of relieving traffic on that street as far as Fifty-ninth street."

"It is our plan to equip our lines with the newest and best cars as fast as conditions will allow. We cannot throw away good cars because there is something a little better invented. That would be wasteful and bad business. Neither can we afford to buy too many stepleless cars, because very shortly there may be something better."

"Of course there are some lines on which the double-deck car cannot be operated, but several of the heaviest business streets can use it. Whether we adopt it depends entirely upon the public. If they co-operate with us just a little they will get better service. For instance, if those who are going to ride only a little way would not go on the upper floor much time might be saved. It is possible for lack of thoughtfulness on the part of passengers to make this new car a failure."

"If, however, we find the public helping out there may be another 150-car order shortly. The railroad is trying to make it pleasant for passengers because more of them will ride and that means business. At present the stepleless cars will be concentrated on Broadway."

## CARRY OFF GIRL IN SPEEDING AUTO DESPITE SCREAMS

Escorted Home by Young Man, She Is Seized on Sidewalk.

Mary Cleary, a tiny bit of a telephone girl, twenty years old, started from a party to her home at No. 27 West One Hundred and Eleventh street at a little after midnight last night escorted by a Mr. Wright and her room-mate, Florence Paul, a chorus girl. At Amsterdam avenue and One Hundred and Ninth street, Miss Cleary was greeted by William Potter of No. 34 West One Hundred and Ninth street, one of a party of nine which was passing in an automobile. She replied pleasantly. The automobile stopped and almost before she or her companions knew it Miss Cleary was whisked into the automobile by Edward Hays of No. 59 West One Hundred and Twenty-fifth street.

Miss Cleary screamed and struggled in the tonneau. Wright tried to pull her back, but the chauffeur at the order of Hays, who had put his hand over the girl's mouth to silence her, ordered the chauffeur to drive on in a hurry. The car shot up Amsterdam avenue to One Hundred and Twenty-fifth street and then turned towards Seventh avenue.

All the time Potter was angrily demanding that the car be stopped and that he be allowed to escort Miss Cleary home.

"She is a nice girl, Hays," he said, "and she isn't the kind to be treated this way. I know her and when she says she doesn't want to go with us she means it. You are making a big mistake."

The others in the car remained neutral.

laughing at the quarrel for a time, but Potter began to punch Hays and the car stopped. At the suggestion of Hays the whole crowd got out on the sidewalk to fight it out. Hays still holding the girl, who was screaming between sobs, by the wrist with one hand and fighting off Potter, who is a much smaller man, with the other, had just reached the sidewalk when Justice Lorenz Zeller of Special Sessions and Magistrate Matthew P. Green came along. Justice Zeller caught Hays's arm and was thrown back.

Policeman Morgan of the Lenox avenue station ran up from his post at Seventh avenue and One Hundred and Twenty-sixth street. The Justice recognized him and ordered him to arrest the whole party. Five climbed into the automobile and escaped in the chase which followed.

Hays, Potter, Thomas Fitzpatrick of No. 218 Manhattan avenue and Joseph Bernan of No. 20 West One Hundred

and Eleventh street were taken to the Lenox avenue station and charged with intoxication and disorderly conduct. Magistrate Corrigan fined all four \$10 each in Harlem Court. None of them had the money and they were locked up to serve out ten days.

Chairman Clapp has been informed unofficially that the Colonel's speaking dates will bring him East about that time.

### Unique in Its Standards of Quality and Beauty: The Gimbel September Sale of China & Crystals

You associate with most Sales of China and Glass a collection of perfectly respectable, but ordinary wares with no particular charm, excepting possibly that of low prices.

We worked on an entirely different basis in preparing for this GIMBEL Event.

True, the economies are here—so extraordinary in some cases that we almost hesitate to state them. But the wares upon which these savings are effected are distinguished, exquisite, beautiful to a degree.

Superb Rock Crystals, for example, from the finest English and French makers.

Plain White Dinnerware, with heavy gold-encrusted edges, bearing such proud names as Minton, Coalport, Wedgwood and Cauldron.

Wonderful Electric Lamps, with exquisitely cut domes and prism pendants.

Garden Benches and other ornaments of Carrara marble, artistic Bronzes and other objets d'art.

All at prices which show savings of a quarter, a half or even more. And then, the rich specimens of American Cut Crystals, the graceful but serviceable Dinner Sets of American and English Porcelain, and all the rest of the wares that crowd this spacious Fifth Floor China Salon with the finest and most varied exhibition that an event of this kind has ever shown.
